

Fall 2021 COVID Planning

Information for Screening and Program Logistics for In-person Single-Day Youth Activities

Below is supporting information and guidance for screening and program logistics as identified in the *Fall 2021 Youth Activities COVID* policy.

Screening

All participants must be screened for symptoms prior to start of the activity.

Participation is not allowed for those currently experiencing symptoms of COVID-19, in quarantine, or in isolation. Symptoms are considered consistent with COVID-19 when one or more of the following is marked with a (^) is present above baseline for that individual:

- Cough[^]
- Shortness of breath or difficulty breathing
- New loss of taste or smell[^]
- Congestion or runny nose
- Fever or chills^{*}
- Nausea or vomiting^{*}
- Diarrhea^{*}
- Headache
- Fatigue Muscle or body aches
- Sore throat

*Note: Vomiting, diarrhea, and fever – alone or together – should exclude a person from programming.

Programming Logistics

All programs should implement additional strategies to mitigate participant exposure to Covid-19 as follows:

- Drop-Off and Pick-Up Processes
 - Design flow so that parents/guardians are not exposed to other participants during drop-off and pick-up.
 - Staggered dropoff/pickup times
 - Curbside pick-up
 - Outdoor pick-ups in groups with social distancing procedures
 - Smaller Cohorts or Grouping to minimize physical proximity to other participants

- Physical Distancing during activities and transition periods
- Cleaning and Disinfecting Protocols (PPE Needs for these tasks)
- Symptom checks prior to the start of the program and monitoring throughout the session
- Handwashing/Hygiene Training
- Cleaning and Disinfecting Protocols
- Remind participants they cannot share food or beverages
- Maintain an extra supply of masks, including youth sizes if needed
