Section Two: Roommate Request

An important part of the Badger Precollege summer program experience is living in a residence hall with other students. Like your future college experiences, you may find yourself sharing a room with someone you've never met before— and then becoming friends! Badger Precollege assigns roommates randomly **unless** this form is submitted by a student and his/her requested roommate. Badger Precollege will **not** honor requests that are not mutual, so **this form must be completed by ALL parties by the due date to ensure full consideration**. All rooms are double occupancy.
