

SUMMER MUSIC CLINIC

BADGER *Precollege*

Throughout the years, the Summer Music Clinic Fund, started on our 75th anniversary, grew to establish multiple funds in the names of those who have made a tremendous impact on our SMC family over the years. As you remember your experiences with one of the SMC leaders, consider how you can honor their legacy by giving the gift of music and arts education to the next generation in their name. Just as all student creative contributions are equal in value, so are all financial contributions. Explore more ways to support SMC and help us build scholarship funds.
