Unlock the American college experience

Precollege programs for international students ages 15–18

Get an insider's view of college life with Badger Precollege at the University of Wisconsin–Madison. Discover what it's like to live on campus, explore college-level coursework, prepare for admissions success and learn with a community of students from around the world.

OUR PROGRAMS

- > **EducationUSA Academy** (3 weeks | In person)
An experiential learning program offering interactive workshops in sustainability, college preparation, leadership and more. Sample Midwest culture through day trips and community outreach activities.
- > **EducationUSA Academy Connects** (4 weeks | Online)
This virtual program explores majors and careers in STEAM (science, technology, engineering, art, math). Prepare for success at an American university as you build leadership and English language skills.
- > **Accelerated Learning Program (ALP)** (3 weeks | In person)
Enroll in your choice of a college-level course to expand your thinking and build academic experience. Courses are taught by experienced educators in a small, welcoming learning environment.
- > **Badger Summer Scholars** (2 weeks | In person)
A transformative learning opportunity that combines a college-level course in the subject of your choice with college preparation workshops. Social activities help you get to know your peers and the campus.
- > **Summer Music Clinic: Senior Session** (1 week | In person)
Develop your music and artistic skills – or enhance existing ones – in this collaborative learning experience. Classes are taught by experienced educators and musicians in a variety of genres and styles.
